

Please Decree with us for the Riches of God to flow into Beloved Saint Germain's "I AM" School's hands and use. The World needs this "I AM" School, and we need your Calls. We are so grateful for every Call that Blazes forth!

We hope to establish an Endowment Fund in which the principal amount of money gifted is never spent and will never be depleted. Growing over time as a result of interest, and that interest utilized for operating expenses, thus creating a lasting legacy. With current operating expenses of \$375,000, we would need an endowment fund of \$6 million. Donations via our website, or phone +1(530)926-6263

"I AM" SCHOOL WEBSITE LAUNCH!

After many months of drafting we are thrilled to launch our new website! Our website will be the primary hub for all our enrollment information, providing future students and parents everything they need to know about our School, its facilities, schedules and curriculum, as well as upcoming events to enable parents, students, and alumni to be involved. Please check us out!...

We outline the history of the "I AM" School, with its beginnings with Beloved Lady Donna, to our new buildings built here in Mount Shasta, and the future building plans to come. A description of our teaching methodology, styles and activities that we do to enhance student-centric learning, as well as our daily assemblies, and the importance of the knowledge of your Mighty "I AM" Presence, and studying the Ascended Masters' words, which will give parents and students a clear view of what is involved and expected of students who wish to attend Beloved Saint Germain's "I AM" School.

FALL NEWSLETTER 2019

Beloved Saint Germain's 2019-2020 school year is in full swing and going strong! But what else would you expect when the Faculty and Students have dedicated ourselves and our year to our Beloved Great Divine Director and His Cosmic Victory and Authority of Light! Our Beloved Great Divine Director says:

"As you stand an example of the Ascended Masters, try to feel how great is your privilege; how great your joy should be; and how it means your eternal Freedom, because you are serving Life for your Freedom." *(The Voice of the "I AM," 1939.11:19)*

This is the Decree we give every morning in our Assembly: **"I AM"! "I AM"! "I AM"! Blazing with the Victory of the Great Divine Director in everything I do this day.** (Looseleaf Decree: 501)

So, we are expecting nothing less than Miracles as part of our every day. And Miracles we Decree as we continue to wield the Sacred Fire against the drug beast and all its claws. We had hoped it would have been over since we spent all last year on it; but the City is insistent on trying to expand this nefarious business right next to the School and in our City of Light! As a result, we need your Decrees even more, at the next level higher and more powerful to overwhelm with Blue Lightning what the School is facing with the drug beast. **BY THE POWER OF GOD, IT HAS NO POWER!**

Financially, we need your Calls more than ever as well. We are Decreeing for opulence to flood into Beloved Saint Germain's "I AM" School! We know the supply is coming so that we can keep this School open; we know that this is only a seeming appearance. Beloved Saint Germain has said that if this School failed, there would not be another one for two hundred years. That shall NOT be! We Command and Decree that the Supply of God so Floods our precious "I AM" School, that Beloved Saint Germain's Divine Plan for a Perfect,

Ascended Master, Tuition Free, Completed, Cannabis Free Campus is Compelled into Manifestation! Beloved Saint Germain's "I AM" School MUST survive and continue to be a channel for HIM to bring the Youth of this World into contact with the "I AM" Activity. These Youth are not only the future of the World, but the future of the "I AM" Activity!

We need your help and the help of every "I AM" Student in knowing and understanding what is going on, helping us, and making the Calls! "I AM" so Grateful for every Assistance! We have a sheet of Decrees we have been giving, and if you would like a copy please call or email us and we will get you one. We are so grateful for every Call that Blazes forth!

There are 15 students in the School this year, which includes a senior class of four; we have not had that large of a senior class for some time. Our students are awesome—they are doing such tremendous things. We are working on another movie this year; creating 3-D printing projects; we have a harp ensemble; and students are taking on university level science and math classes. We are so grateful for every Child of the Light. It is such a privilege and honor to be a part of their worlds.

Please join us in visualizing and accepting only VICTORY for His Majesty's Youth and School! We have taken on some big things, but we know **"The Call Compels the Answer!"** "I AM" VICTORY! This wonderful statement has become our Acknowledgement, our Motto, our Call and our Command to Life in everything to do with Beloved Saint Germain's Precious School at this time. Mighty Victory says **"the Word, Victory...always means Ascended Master Perfection; for I assure you, there is no such thing as the victory of evil!"** (VFS IV pg. 34) Please join us in this Call every time you think of us - "I AM" VICTORY!!!

We are so grateful for all of your Love and support thus far and for all that continues to pour through!

Redding Bell Choir Festival

This year we attended the annual Redding Handbell Festival again, on October 5. This is where we joined 8 other handbell choirs from as far away as Montana to play as one huge choir.

Anyone who has attended one of these performances knows what an amazing experience it is to hear all those hundreds of bells playing at once.

We prepared three pieces: "Alabarré"—a Spanish hymn which the kids played mostly with mallets (they had a lot of fun on that one!), a moving arrangement of "I Wonder as I Wander", and a sweet hymn called "Thy Holy Wings."

We loaded up the van at 6:45 am and drove the one hour trek to Redding where we quickly set up our tables and bells, had a snack and then joined the first massed rehearsal

in the gymnasium.

After that the students each attended two different workshops to hone their bell playing technique. These included classes on how to play the massive big bass bells (warmly called "buckets") and "weaving"—playing 4 bells in succession quickly and easily.

After our second massed rehearsal and a short break we went right into our finale concert, which included several "solo" performances by various choirs and individuals. Have you ever watched one person play a whole set of bells by themselves? All were amazed and greatly enjoyed the performances! It was a long day, and we are already looking forward to next year! Hope to see you there!
