FALL NEWSLETTER 2017

Welcome to the 2017-2018 school year of abundance and expansion. Beloved Saint Germain’s “I AM” School has more students than we have had in quite a while—16 in total. We have eleven returning students, and five new students from kindergarten to 12th grade. We are so grateful to Beloved Saint Germain for bringing us these beautiful Children of the Light. Already it feels like we have all been together for a long time; the group has quickly become a family as the School is abounding with so much Love, Harmony, Happiness, and Light. We have two seniors this year: Annoushka Davis-Clare and Adolfo Martinez; and one extended studies student from Germany, Aristide Wilkes. In 11th grade we have Emmanuel Saryon, and German Delgadillo Cavazos (from Mexico); our 10th grade is now comprised of Justin Blomberg, Olivia McConaghy, Andi Wereta, and Alexis Kihm; we have one Freshman (9th grader) and that is Aidan Kihm; in 5th

grade we have Eric Frandsen, Kevin Unthank, and Heather Flow; our fourth grader is Brian Unthank; and we have two in kindergarten: Nicolle and Ellie Colocho. We have a wonderful team of teachers who have so lovingly come to serve at His Majesty’s School: Miss Erika, Miss Claudia, Miss Henny, Mr. Elrod, and myself are all back for another victorious year. We are blessed with a new music teacher, Carol Kihm, who was a teacher with us when we first moved to Mount Shasta; and she is also an alumna. Miss Katrin is not only continuing on in her role as houseparent, but she is also teaching kindergarten again this year. “I AM” SO GRATEFUL to Beloved Saint Germain for the wonderful and amazing team He has assembled to take His School forward to Victory. We, at Beloved Saint Germain’s “I AM” School, are dedicating ourselves and our year to our Beloved Mary and Her Miracle Love of that Great Violet Flame Love of Eternity. We ask that Her Violet Flame Love Guards, Protects, Guides,

and Expands the “I AM” School until there are “I AM” Schools in every city, town, and hamlet; so that every child has the blessing and privilege of attending His Majesty’s School. We know there are some big things in store for the “I AM” School. We are currently decreeing for expansion: a continuing expansion of our “I AM” School Student body, and a two-story extension on the north side of our existing building to house a multi-purpose/music room for our plays, recitals, and music classes; with a second floor that will add a much needed science laboratory and classroom. With the addition of these wonderful youth, the need for our building expansion is becoming greater and greater. We are so grateful for all of the Calls that are being made and have been made over the years. This is definitely the year of expansion and gratitude and for that “I AM” SO GRATEFUL!

Patriots of Old, Come Forth!

The young patriots of Beloved Saint Germain’s “I AM” School are thrilled to be partaking in a journey to discover the “Patriots of Old.” This year the high school classes will be heading to Washington DC, Philadelphia, Baltimore, and New York City to not only take in all of the beauty and history of these wonderful places; but also to participate in the “I AM” Ascended Master Miracle Thanksgiving Class in Philadelphia. What a privilege to be able to attend this incredible Class, and to be a part of the efforts of getting things ready

for everyone, as we will be arriving a few days before the Class begins to lend our hands in whatever way possible. As you can imagine, taking ten teenagers on this trip of a lifetime is a huge task; please, help us in decreeing for our Protection, our Harmony, and our Supply. The students are working very hard, holding fundraisers every weekend and during the week to earn the money for this trip. It is a daunting goal; but one we know we can achieve as “The Call Compels the Answer.” We are so grateful for every Call made for His Majesty’s Youth and School. We hope to be able to see you in Philadelphia, where together we can joyously decree for America’s Victory in the Light!

Musical Endeavors

This year we have so much going on with music in Beloved Saint Germain's "I AM" School.

Besides our large 14 person bell choir, we are thrilled to debut our first 6 person harp ensemble, ranging from 4th grade to 12th grade. In addition we will be having a vocal choir for Christmas as well as for our Spring Recital. As usual, all children are required to take private piano lessons and will be performing in both Christmas and Spring Recitals. We also have students playing the French horn, trumpet, flute, ukulele, and guitar.

Performance activities will include two recitals, participation at the "I AM" Temple musicals, and performances at various community organizations as well as participation in the Northwestern regional handbell festival in Medford, Oregon.

Beloved Goddess of Music has

said that music is energy already harmoniously qualified. For this reason music has always been richly emphasized at the "I AM" School. I was blessed with this precious and life-changing experience when I attended the "I AM" School years ago, and now I am so privileged to, once again, be able to share that experience with these children today. "I AM" so grateful to my "Beloved Mighty I AM Presence" and to Beloved Saint Germain for this amazing experience.

Hiking Adventures...

On Friday, September 15th this year, the "I AM" School took a trip to the miniature mountain of Black Butte in Shastina for a P.E. hike. This adventure began as a drive in the school van from our campus to the base of the trail—a densely wooded area thick with late summer air and not-yet-fallen leaves. Even here, at the lowermost point, the scenery was beautiful: with the higher peaks in sight just above us and the surrounding forest enclosing the trail's beginning.

We started the climb as a group; following the path where it lead us and admiring

the natural splendor that surrounded us. Trees grew straight towards the sky, roots sticking out of the sloped soil and clinging to the occasional boulder that dotted the area. Small rocks and fallen branches lay littered across the trail and along its sides, and the landscape below us seemed to shrink as our group slowly made its way up the mountainside.

There was a crisp chill in the afternoon air that created the ideal environment for a physically challenging hike like this. The clear blue sky and warm sunlight provided perfect photo opportunities for the sentimental, and allowed for a stunning view of the scape spanning

in front of us all the way to the horizon. Roads were thin moving lines; communities reduced to specks; businesses and wide buildings simply shapes among the ever-expanding map. Once at the top, we reunited and together captured a camera-full of photos to bring back with us as physical evidence that we, the student body of the "I AM" School, had been at the very peak of Mount Shasta's tiny counterpart, Black Butte. In the end, I believe we can all say this was a more than successful hike, and we are so grateful to have had the experience.
